

THE DRAWER-COUNT SLIP

RALLYORDER

Count at open, at every handoff, at close. Boring money, sharp crew.

COUNT	WINDOW	RESULT
× \$20	Date _____	Drawer total \$_____
× \$10	Shift / window _____	– Float \$_____
× \$5	_____	= Cash taken \$_____
× \$1	Outgoing owner _____	Register cash # \$_____
quarters	_____	OVER / SHORT / EVEN
dimes / nickels	Incoming owner _____	\$_____
pennies	_____	Initials _____ + _____

Sort → count → total – float vs register → write it down, both initials, every time (clean days included). Log overs with the same seriousness as shorts.
